

NEW FROM SIERRA BULLETS!

GAMECHANGER

THE PERFECT BLEND OF MATCH-GRADE ACCURACY AND DEADLY TERMINAL PERFORMANCE.

Introducing the Sierra GameChanger hunting bullet: the perfect combination of Sierra's legendary match accuracy coupled with deadly penetration. Sierra re-engineered their legendary MatchKing® bullet into a hollow point design for quick expansion and fitted it with a transparent green tip for ballistic uniformity. Inside, the GameChanger features a unique construction that utilizes a special lead alloy surrounded by a tough copper jacket that delivers excellent penetration and expansion at a variety of ranges. It's a GameChanger on any hunt!

The GameChanger is available in 6MM, 6.5 MM, .270 Caliber, 7MM and 30 Caliber options from Sierra. Contact sales@sierrabullets.com or call 660-827-6300 to find out more about the GameChanger.

ACCURACY ON THE OUTSIDE

Synthetic tip for smooth chambering, improved aeroballistic flight and instant expansion on impact.

Tuned ogive for industry-leading BC.

Boat tail design for stable flight and accuracy.

TERMINAL PERFORMANCE ON THE INSIDE

Open pocket (hollow point) design expands lead core instantly on impact.

Precisely engineered jacket wall concentricity ensures the most accurate bullets on the market.

Optimal jacket wall thickness controls expansion and retains weight.
